

Project

BillMatrix Corporation is an e-commerce firm and a leading provider of comprehensive electronic bill payment solutions and services over the telephone and Internet. AGUIRREcorporation provided full architecture, engineering and general contracting services for their new corporate headquarters in the recently constructed Lincoln Park Building.

The client desired a high-end look achieved in a cost-effective manner. The AGUIRRE Team researched innovative materials that would provide a progressive up-scale look and feel at an affordable price. Many of the accenting finishes are clean and crisp with warm woods to complete the character of the space.
